subject

This may be sent to the chief Engineer for scrutiny & early return items is furby according

2) G.O.No. L 253 dt. 2.2.54

3) Forwarded to the chief Engineer for scrutiny of the estimate & early return

Assistant Secretary, Reg & Planning Deptt

U.O.No. 1020 /RB-53-54 dated, 10-3-54.
11
Retransmitted.

4) The estimate is scrutinized and corrected to Rs. 51,600/- subject to the following observations:-

The quantities provided for in the estimate in respect of Earth works, roads etc., do not admit of any verification as the plan furnished does not show either the contour lines or the reduced levels of salient points. Further, the details of the roads, storm water drains, cross drainage works etc., referred to in the detailed estimates are not marked on the plan. Hence such of the items of work that admit of any check

& MA

SIR,

Subject: Revised estimate for Rs.50,000/- for forming layout of sites in Adipampa Road, Mysore.

---

11 I write to state that originally an estimate for Rs.33,000/- was sanctioned in G.O.No.L.9503-6/I.T.B.10-61-53 dated 4-12-1951 for forming a layout of 26 sites and the work was started after calling for tenders. But during execution, it was found necessary to incur more expenditure on certain items of work which necessitated the revision of the original estimate. In addition, a lumpsum provision made for water supply was inadequate and the same has been increased as per the detailed estimate received from the Superintendent, V.V.Water Works, Mysore. Provision is also made for constructing 'L' shaped drains and towards extra earth to be conveyed for filling the low lying portions of the area as they are water-logged at present.

While examining the possibility of increasing the number of sites in the said area with minimum cost, it has been found that additional sites could be formed in the same area to give a better formation to the entire layout and accordingly, the number of sites is now increased. As explained in the report, the rate per Syd. of site will work out to Rs.3/- on an average for the entire layout of 35 sites.

The estimate has been revised incorporating all the items of works at the tender rates for the items covered by tender, schedule of rates, and rates worked out as per data being provided for non-tendered items. The Board has approved the revised estimate in resolution No.275 dated 28-10-1953 (copy of which is herewith enclosed for kind reference).

P.T.O.

2/

I request you kindly to obtain and communicate sanction of Government to the revised estimate early.

The original estimate is also enclosed herewith for reference and cancellation.

Yours faithfully,

S. Linganna 21/1

(S.Linganna)
Chairman.

SIR,

Dep. No. I.TB 192/55-56

Subject : Revised estimate for Rs.51,600/- for forming layout of sites in Adipampa Road, Mysore.

Adverting to your letter No.L.230 dated 10-4-1954 returning the above estimate with some observations, I write to retransmit the above estimate, revised as per actual execution and to state as follows:-

The layout plans showing the position of roads, storm water drains, cross drainage and underground drainage and water supply etc., are herewith enclosed.

Detailed estimates in respect of all the lumpsum provisions are herewith enclosed.

The total area of the sites is 20,568 syds. and the cost works out to Rs.2-8-0 per syd. The total expected realisations by the sale of the sites aggregates Rs.61,704/- at Rs.3/- per syd. and hence the total net profit will be Rs.10,104/- on the capital outlay incurred on the above scheme.

In view of the above circumstances, I request you kindly to obtain and communicate the sanction of Government to the revised estimate at a very early date.

Yours faithfully,

S. Linganna

(S.Linganna) 25/7
Chairman.

DVS)

NOTE:

(9)

Sub: Revised estimate for forming a layout of sites in Adipampa Road, Mysore

---

23) 1. An estimate for the above work was scrutinized for Rs. 51,600/- and returned to Government (in this office No.U.O.10201/PB-53-54 dated 11-3-1954) along with certain observations.

2. An estimate for Rs. 51,600/- stated to have been got up as per actual execution of work is now received for scrutiny.

3. The present estimate comprises 14 sub-estimates out of which eight estimates (bearing numbers (1) (2) (3) (6) (7) (8) (10) & (11) are the ones already scrutinized in this office (cv. para(1) supra).

Estimate No.(4) for underground drainage is scrutinized for Rs.6,100/- with reference to the copy of the tender rate list made available.

Estimate No.(5) is in respect of water supply sub-mains. The basis for the rates provided for is not indicated. Whether the work has been executed at approved schedule rates, if any, or if the work was got executed on tender basis is not intimated. In the estimate it is seen that audit and direction charges at 12½% is added to the estimated amount. The total estimated amount being Rs.9,450/-, the audit and direction charges at 12½% would work out to Rs. 1,181 whereas the amount provided for is Rs.236/- only. This has to be clarified

With regard to the other estimates viz., those bearing numbers (9) and (12) (13) & (14), it is seen that the rates provided for in respect of the non-tendered items of work vary from those provided for in the eight estimates already scrutinized by this office. This has to be explained

Information as to when the work was started and when completed and whether the approved minimum schedule rates of the respective years during which the respective items of work were executed, is necessary

There are two lay-out plans in the file both of which are superscribed 'modified lay-out plans'. In one of them two sites are shown as belonging to 'Modern Motor Service' whereas in the other plan two private lands are shown as being converted into small sites. The correct plan may be indicated as also the actual number of sites formed.

It is stated that the total expected realisation would be Rs.61,704/- with a net profit of Rs. 10,104/-. But, tools and plant charges and cost of acquisition of land are not seen to have been taken into account in arriving at the total outlay on the scheme. If these are taken into account, the scheme may not fetch any profit at all.

R. Ranganathan 9/x

IS. For CHIEF ENGINEER.

24) ~~Lobb: Revised estimate~~

(10)

The Chairman Mysore Iron Board

Sir,

Subject. Revised estimate for Rs 51,600/- for forming layout of roads in Adiparapu Road, Mysore-

With reference to your letter No. Dy.C. 84/50-51 dated 25-2-55 on the above subject I am directed to observe as follows:-

Estimate No. (6) is in respect of water supply sub mains. The basis for the rates provided for is not indicated. Where the work has been executed at approved Scheduled rates, if any, or if the work has got executed on tender basis is not intimated. In the estimate it is seen that audit and direction charges at 12½% is added to estimated amounts the total estimated amounts being Rs 940/- the audit and direction charges at 12½% worked work out to Rs 1,181 where as the amounts provided for is Rs 236/- only. This has to be clarified.

With regard to the other estimates bearing Nos. 9, 12, 13 and 14. It is seen that the rates provided for in respect of the non tendered items of work vary from those provided for

PTO

(11)

in the eight schemes viz 1, 2, 3 6, 7, 8, 10 and 11. This has to be explained

Information as to when the work was started and when completed and whether the approved minimum Schedule Rates of the respective years during which the respective items of work were executed, is necessary.

There are two lay-out plans in the file both of which are superscribed 'proposed lay-out plans'. In one of them two plots are shown as belonging to "Madras Motor Service" where as in the other plan two female lands are shown as being converted into small plots. The correct plan may be indicated as also the actual No. of plots formed

It is stated that the total proposed realisation is Rs 61,784/- with a net profit of Rs 10,184/- But loss and plant charges and cost of acquisition of land are not seen to have been taken into account. In arriving at the total outlay of the Scheme. If these are taken into a/c, the Scheme may not fetch any profit at all

The connected records are herewith sent for reexamination with necessary rectification in the light of the observations made above

- -

With reference to your letter No.D2.C.84/50-51 dated 25-7- on the above subject, I am directed to observe as follows:-

Estimate No.(5) is in respect of water supply sub mains. The basis for the rates provided for is not indicated. Whether the work has been executed at approved scheduled rates, if any, or if the work was got executed on tender basis is not intimated. In the estimate it is seen that audit and direction charges at 12½% is added to the estimated amount. The total estimated amount being Rs.9,450/- the audit and direction charges at 12½% would work out to Rs.1,181/ whereas the amount provided for is Rs.236/- only. This has to be clarified

With regard to the other estimates viz., those bearing Nos 12, 13 and 14, it is seen that the rates provided for in respect non-tendered items of work vary from those provided for in the estimates viz., 1, 2, 3, 6, 7, 8, 10 and 11. This has to be explained.

Information as to when the work was started and when completed and whether the approved minimum schedule rates of the respective years during which the respective items of work were executed, is necessary.

Thereare two layout plans in the file both of which are superscribed 'modified layout plans' In one of them two sites are shown as belonging to 'Modern Motor Service' where as in the other plan two private lands are shown as being ~~xxxxxxx~~ converted into small sites. The correct plan may be indicated as also the actual number of sites formed

(13)

It is stated that the total expected realisation would be Rs.61,704/- with a net profit of Rs.10,104/- But tools and plant charges and cost of acquisition of land are not seen to have been taken into account in arriving at the total outlay of the scheme If these are taken into account the scheme may not fetch any profit at all.

The corrected records are herewith sent for retransmission with necessary modification in the light of the observation made above.

Yours faithfully,

(V.Hanumanthappa)
for Secretary to Government,
Education & L.S.G.Departments.

BANGALORE.

25 Nov 1955

SIR,

Subject : Revised estimate for Rs.51,600/- for forming layout of sites in Adipampa Road, V.V.Mohalla, Mysore.

---

1) With reference to your letter No.L.9882/ITB.13-55-37 dated 11-11-1955 forwarding the entire file of papers with certain observations re: the subject noted above, I write to retransmit records the ~~xxxx~~ after attending to the same, as desired.

2) Re: estimate for water supply, it is to be stated that in the estimates prepared by the Board, only lumpsum provision will be made for this item of work, and the detailed estimate will be obtained from the Water Supply Department and the required funds will be placed at its disposal for taking up the work, after countersignature of the said estimate. The same procedure has been followed in this case also. As this is the practice obtaining all along, in all the layouts so far formed by the Board, any further particulars required will have to be obtained from the Water Supply Division, Bangalore. The provision made may therefore be retained.

3) Re the observations made in para 2 of your letter under reply, viz., the different rates in some of the estimates, it may be stated that tender rates have been adopted for tendered items and for non-tendered items, the schedule rates for 1953 have been adopted. Hence there are variations. The work was started during January 1952 and completed by about the end of 1954.

4) As regards the layout plan, it is to be stated that the two private sites stated in the plan, belonged to the Modern Motor

P.T.O.

(15)

Modern Motor Service Ltd., Mysore, and have been acquired by the Board as per Government Order No.L.6771-74/I.T.B.3-55-26 dated 7-9-1955 and 10 smaller sites have been formed and model houses constructed thereon. The correct layout plan as finally formed is enclosed herewith for kind information.

With regard to the last para of the letter re: tools and plant charges, it may be stated that a provision of Rs.1000/- only has been made in the estimate for temporary establishment. In this connection, it may be stated that only the barest charges as per actuals requirements are provided in the layout estimates to keep down the amount of the estimate. The Board will take up only such schemes as are self-supporting and it is not the policy of the Board to make any profit. While the model houses are disposed of in the said area, due notice is taken of the layout charges, which consist of cost of acquisition, formation of roads, drains, establishment and other charges, water supply, underground drainage and the rate is fixed based on the total expenditure incurred by the Board, and this is added on to the cost of the house. Thus it could be seen that the Board is fully aware of the expenditure incurred by it and any scheme formulated will be on a self-supporting basis alone.

In view of the above facts, I request early sanction of Government to the estimate for Rs.51,600/-

Yours faithfully,

S. Linganna.

SIR,

Subject : Revised estimate for Rs.51,600/- for forming a layout of sites in Adipampa Road, Vanivilas Mohalla, Mysore.

With reference to your letter No.L.3092/ITB.13-55-55 dated 12-5-1956 on the above subject. I write to state as follows:-

The original estimate was sanctioned for Rs.33,000/- in Government Order No.L.9303-6/ITB.10-51-53 dated 4-12-1951. The work was taken up for execution, after calling for quotations and the work was distributed among five contractors on piece work system, as approved by Government in their order No.L.11724-26/ITB. 12-52-16 dated 20-12-1952. (20-10-52)

The revised estimate was approved for Rs.50,000/- by the Board in resolution No.275 dated 28-10-1953 and the necessity for revision has been clearly reported in this office letter of even No. dated 19-1-1954. The Chief Engineer during the course of scrutiny of the estimate has revised the amount of the estimate to Rs.51,600/- On the sites formed in this layout, 44 model houses have been built and disposed of.

Under the above circumstances, I request that the revised estimate may kindly be sanctioned for Rs.51,600/- as scrutinised by the Ehief Engineer and communicated early.

Yours faithfully,

S. Linganna.
